

EVERLAST DESCALER™ - MP
(HIGHLY EFFECTIVE INDUSTRIAL DESCALER)
(ZERO VOC, NON-HAPS, BIODEGRADABLE)

*Effectively Dissolves all water scale, lime and other Calcium Carbonate soils
 Removes, rust, and other non-soluble sedimentation deposits from heat transfer
 equipment, condensers, electronic processing equipment, etc.*

EXTENDED BATH LIFE - INCREASE PRODUCTIVITY:

*Extremely effective in removing a variety of water scales from ferrous and
 non ferrous metals, polycarbonate plastics and glass substrates.*

WIDE MATERIAL COMPATIBILITY

*Compatible and non corrosive on various metals, plastics, glass and ceramics
 EVERLAST DESCALER™ is safe on various ferrous and non-ferrous metals. The product
 does not cause any corrosion, erosion on metal, plastic substrates such as; cold steel,
 Stainless steel, Brass, copper, copper alloys, aluminum, as well as, Teflon O-rings and
 gaskets. EVERLAST DESCALER™ WILL HELP FACILITIES RESULT IN DROP IN MAINTENANCE
 COSTS SIGNIFICANTLY.*

EVERLAST DESCALER™ IS EASY TO USE - NO RESIDUES FOLLOWING RINSE

*Use full strength at room temperature only, one gallon can dissolve approximately
 2.0 Lbs. of scale*

EVERLAST DESCALER™

Safer Product for a Greener Environment

Appearance	Clear Liquid	Flash Point (°F)	>200
Odor	Mild	Surface Tension (dynes/cm)	24
Vapor Pressure (mm Hg)	0.1	Ideal Operating Temp (°F)	Room Temperature
pH (Full Strength)	< 2.0	Ideal Operating Concentration	Full Strength
Specific Gravity (@ 68 °F)	1.05 - 1.06	Weight/Gal. (lbs. /gal.)	8.75
